AI Community

Where is AI in 2025 and Where is it Going?

A free, public workshop—no technical background needed

In just the past 8 months, AI has advanced at a pace that stunned even leading experts. These systems aren't science fiction anymore—they're reshaping work, relationships, and even crime in real time.

This workshop explores where AI may be in the next 1–5 years and what that means for your daily life. Together, we'll tackle urgent questions like:
